

## Dear Sea Grant Extension Program Leaders:

The Fisheries Extension Enhancement (FEE) Committee of the Assembly of Sea Grant Extension Program Leaders is developing a report evaluating the FEE program and collecting suggestions on the future of FEE. The report will go to the National Review Panel and to the National Sea Grant Office. Ultimately, NSGO will use this and other materials to decide on the future of the FEE program after its sunset on July 1, 2009.

We are seeking input from the Network on future fisheries extension funding priorities and structure, and would like your input.

Please submit one survey response per state/program. You can return to the survey to edit or finish your answers; click "done" each time you leave, and your answers will be saved.

The survey will be closed on December 21, 2007.

Thank you,

Kathy Castro RI SG  
Paula Cullenberg AK SG

1. Fisheries extension (recreational, commercial and subsistence) is an important investment for the National Sea Grant Program.

- Strongly agree
- Agree
- Disagree
- Strongly disagree

2. Please comment on your answer.

3. What is changing with your fisheries clientele that future FEE-type programming can be uniquely responsive to?

4. In the next 5 years, how could National Sea Grant's investment in fisheries extension have the greatest impact?

5. In the future, FEE program funds should:

	First choice	Second choice	Third choice	Fourth choice	Fifth choice
Continue to support ongoing FEE programs.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Be re-competed throughout the entire Sea Grant network.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Be divided equally among all Sea Grant programs.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
End. Funds should be absorbed by NSGO to use elsewhere.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
