

The Ocean SAMP stakeholder group is a forum that engages key constituencies and the public in the development of the Ocean SAMP. During this two-year process, the stakeholder group members will learn about the technological and scientific information being collected to create an Ocean SAMP, be able to voice their concerns and issues, and provide thoughtful input on the process and products. For more information about the project contact Jennifer McCann at (401) 874-6127 or e-mail mccann@gso.uri.edu. For CRMC regulatory questions, contact Laura Ricketson-Dwyer, CRMC public educator and information coordinator, at (401) 783-7886 or e-mail lricketson@crmc.ri.gov or visit our website at: www.seagrant.gso.uri.edu/oceansamp
